Introduction to Volt Hockey:

Volt Hockey is an accessible form of hockey, played in a specially designed VOLT Hockey Carts by people with a variety of disabilities. Volt Hockey is played by over 50 teams in Denmark, Norway and Sweden and across the province and country led by Variety – the Children’s Charity (Ontario).

The game is played by two teams in an indoor court or gymnasium. There are three players on each team on the court at a time, with two 15-minute halves in a game and two referees. The game is played in a standardized manner around the globe, according to an International Rule Book. One of the unique features of VOLT Hockey is that the motorized VOLT Hockey Carts do not belong to the players, but instead to a Hockey Club facility where they are stored and maintained. Variety – the Children’s Charity (Ontario) has purchased motorized VOLT Hockey Carts, provides support with training, technical maintenance, and resources.
